It will not waste your time. allow me, the e-book will categorically manner you extra event to read. Just invest tiny epoch to contact this on-line publication **302 ford engine specs** as competently as review them wherever you are now.

DigiLibraries.com gathers up free Kindle books from independent authors and publishers. You can download these free Kindle books directly from their website.

## 302 Ford Engine Specs

Ford 302 Engine Specs. The Ford 302 cubic inch displacement (CID) engine was one of the most popular American power plants throughout the "muscle car" era extending from 1968 to 1973. The engine was a V8, and owners and racers loved the power band and its throttle response.

## Ford 302 Engine Specs | It Still Runs

The actual liter displacement of these engines is 4,942 cubic centimeters which gives the engine an official displacement of 4.9 liters. Since the Ford 300 inline six already used the 4.9L emblem Ford decided to call the 302 a 5.0 liter to avoid any confusion. Plus telling someone that you have a 5.0 liter engine just sounds cooler than telling them you have a 4.9 liter.

The engine was introduced on April 17, 1969. About 8,600 Boss 302 engines were built. The Boss 302 block was essentially the next generation of 289 High Performance hardware, but features a forged steel crankshaft, 4-bolt main caps, and screw-in freeze plugs. These modifications were developed as part of the 302 Tunnel Port design.
