Digital tachographs store digital data on the driver and vehicle in their own memory, as well as separately on each driver's individual smart card. Transport undertakings need to periodically download the data stored on the tachograph every 90 days, or every 28 days from driver cards, to analyse the information and check legal compliance.

scenarios are valid for both the SE5000 Exakt Duo and the SE5000 Exakt Duo 2 versions of the tachograph. (Although some steps may also be valid for older versions, we cannot guarantee that this is always the case.)

SE5000 Training - English

Tachograph: This is a brief presentation of what you can see of the tachograph. The illustration below shows what can be seen when you e.g. enter the vehicle and touch any key on the tachograph. Normally the tachograph is resting and not showing any information in the display window, but a touch of any button will wake it up.
