Emergency Preparedness and Seniors Older people are disproportionately affected by disasters. With the aging population and the increase in disasters in Canada and globally, it is crucial to understand the factors that can place older people at risk and to consider their potential needs and contributions in all stages of emergency management.

## **Emergency Preparedness and Seniors - Canada.ca**

Disaster Preparedness for Seniors. Natural disasters are not fun for anyone. Unfortunately, they can be especially traumatizing for seniors. Older people are more frail and less mobile, making it a challenge for them to respond quickly. They may not always have the help they need immediately when they need it to escape a danger zone.
