...

Most pharmacy schools do not teach pharmacists how to become leaders. There is a big difference between holding a leadership position in the pharmacy setting and actually being a leader. In the past 15 years, I have found that leadership is a rare quality in our profession, mostly because we learn from other pharmacy managers who were not ...

Leadership and Administration - ACCP

Leadership is a key part of the work of all pharmacists and pharmaceutical scientists, regardless of sector, location or experience. Leadership is for everyone. In the complex and dynamic world of healthcare, the concept of a single 'hero' leader has been replaced with an engaging leadership approach that cascades throughout a profession.

Developing your leadership skills (Alpha Version: 9.3.8.1)

Pharmacy technicians play a pivotal role in supporting a pharmacy's daily operations and assisting pharmacists with patients. Over the last several years, the role of pharmacy technicians has expanded into various opportunities, including medication therapy management, medication reconciliation, and transitions of care.
