Electronic pressbrakes - SafanDarley

Safan servo electric press brakes are one of the fastest and most efficient on the market. Fully electric press brakes are available in sizes from 4' x 39 tons to 13' x 330 tons.

Safan Press Brakes

Hydraulic press brakes have been around a long time and are relatively easy to use. They can be designed for the heaviest workloads. They have been manufactured in sizes of 3000 tons and 50 feet in length, but mostly are found in the 100-300 ton range. For very thick materials there is no other option.

The New Operator's Essential Guide to Press Brakes

With the Safan it's two electric motors and a belt and that's compared to how many hydraulic fittings, seals, hoses, pump, motor, etc on a hydraulic brake? While we haven't had the Safan long enough to do any extensive maintenance, it's easy to see that it is going to be less, it already is less, even on a weekly basis. But even on a yearly or biyearly basis I foresee as being less ...
