Amazon.com: Customer reviews: Sony KV-32FS10 32" Wega ...

Trinitron is Sony's brand name for its line of aperture-grille-based CRTs used in television sets and computer monitors. One of the first truly new [vague] television systems to enter the market since the 1950s, the Trinitron was announced in 1968 to wide acclaim for its bright images, about 25% brighter than common shadow mask televisions of the same era.
