Targeting Pronunciation Targeting Pronunciation ...

Teaching Pronunciation Pronunciation involves far more than individual sounds. Word stress, sentence stress, intonation, and word linking all influence the sound of spoken English, not to mention the way we often slur words and phrases together in casual speech.

Teaching Pronunciation - Colorado State University

Intonation is a feature of pronunciation and common to all languages. Other features of pronunciation include stress, rhythm, connected speech and accent. As with these other features, intonation is about how we say something rather than what we say. At its simplest, intonation could be described as 'the music of speech'.
