...

The principals' leadership role is changing as the result of increased expectations for student learning and how principals manage the work load. There is an evolving theory that leadership from a distributed perspective has the potential to improve teaching and increase learning (Harris, 2005). There have been few quantitative studies .

## **The Principal's Role; Distributed Leadership**

Effective leadership begins with the development of a school-wide vision of commitment to high standards and the success of all students. The principal helps to spell out that vision and get all others on board with it. An effective school principal spells out a vision of success for all students & builds support for it.
